A valid certificate from the BASIC webinar is required for registration.

MSR-ACADEMY Advanced 2026

Training from 24 - 25 September 2026 in Madrid, Spain.

Dear Ladies and Gentlemen,

We invite you to join another ADVANCED TRAINING from 24 - 25 September 2026 at the Puerta de Toledo Madrid. You will receive important information on the latest products, approvals and other technical highlights in the training. You will also learn about the latest developments in gas detection technology and detailed product knowledge of the MSR product family. Practical exercises of complex application examples are another important component. With this training you will receive our free Premium-Support-Code for 18 months.

LOCATION: HOTEL PUERTA DE TOLEDO IN MADRID

Please book your room directly with the hotel on a self-pay basis.

REGISTRATION

Please register for the Advanced Training in Madrid, Spain, by 31 May 2026 via the button below.

The number of participants is limited.

All the details of the services and their costs can be found on page 5.

REQUIREMENTS FOR YOUR PARTICIPATION

- A valid BASIC certificate
- Own laptop (at least Windows version 10)
- PCE calibration and configuration software or the latest version of the STL service tool (if not yet available, please order on the registration form)

We look forward to your participation.

Kind regards

Benedikt Winkler
Head of sales
